The Department of Agriculture has evidence that on or about **April 9, 2013 - May 14, 2013** you or your organization committed the following violation of Federal Regulations:

9 CFR, SECTION

Failure to

2.75 (b)(1)

- **Make, keep, and maintain records or forms which fully and correctly disclose the following information concerning animals purchased or otherwise acquired, owned, held, leased, or otherwise in his or her possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by that dealer or exhibitor. The records shall include any offspring born of any animal while in his or her possession or under his or her control.**

(Records of animals on hand were still not available for review at time of inspection.)

3.125 (c)

- **Supplies of food and bedding shall be stored in facilities which adequately protect such supplies against deterioration, molding, or contamination by vermin. Refrigeration shall be provided for supplies of perishable food.**

(Refrigerator in the building housing the male lion needs to be cleaned.**

****Meat stored in the outside upright freezer is not covered or in buckets with no indication of what it is or how long it has been there.)**

3.129 (a)

- **Food shall be wholesome, palatable, and free from contamination and of sufficient quantity and nutritive value to maintain all animals in good health. The diet shall be prepared with consideration for the age, species, condition, size, and type of the animal. Animals shall be fed at least once a day except as dictated by hibernation, veterinary treatment, normal fasts, or other professionally accepted practices.**

(An animal hanging waiting to be butchered had a 47 degree reading according to the rey tek handheld thermometer, with no indication of how long the animal had been hanging.)

9 CFR, SECTION

Failure to

3.130

- If potable water is not accessible to the animals at all times, it must be provided as often as necessary for the health and comfort of the animal. Frequency of watering shall consider age, species, condition, size, and type of the animal. All water receptacles shall be kept clean and sanitary.

(At 4:00 pm the majority of animals did not have water in their buckets.)

3.131 (a)

- Excreta shall be removed from primary enclosures as often as necessary to prevent contamination of the animals contained therein and to minimize disease hazards and to reduce odors. When enclosures are cleaned by hosing or flushing, adequate measures shall be taken to protect the animals confined in such enclosures from being directly sprayed with the stream of water or wetted involuntarily.

(**Accumulation of feces, bone and animal parts in every enclosure.

**Bear enclosures have accumulation of feces on the concrete areas.)

3.131 (d)

- A safe and effective program for the control of insects, ectoparasites, and avian and mammalian pests shall be established and maintained.

(Excessive amount of flies throughout the area.)

Titles 7 & 9 Code of Federal Regulations were promulgated to help prevent the spread of animal and plant pests and diseases and assure the humane treatment of animals. Since violations of the regulations can have serious and costly impact detrimental to the public interest, you are warned of this violation. Any further violation of these regulations may result in the assessment of a civil penalty or criminal prosecution. If you have any questions concerning this warning or violation, please contact the listed APHIS Official.
